Innovations Inside and Out
The path to a Digital Government
Aaron Levie @levie · May 14
Adding software to a broken process doesn't make you digital. The biggest challenge is reimagining the process, not writing the software.

clkao @clkao · 30 May 2014
"we call taxis differently, book hotels differently. but the way we interact with government hasn't changed" - @antheaws tcamp14
Make it matter.
